EDUCATION

Ateneo de Davao University

Davao City, Philippines

Bachelor of Science in Computer Engineering

- **Grade:** 3.81 / 4.00
- **Honors:** Graduated **Magna Cum Laude**, 3x Dean's List, 4x President's List, 3x Consecutive Most Outstanding Student Nominee
- **Extracurriculars:** Prominent Computer Engineering Students' Organization President AY 2025-2026, Prominent Computer Engineering Students' Organization Auditor AY 2024- 2025, Institute of Computer Engineers of the Philippines Member

RECOGNITIONS & PROJECTS

2026 8th International Conference on Smart Computing and Informatics (SCI-2026)

- Best Paper Awardee and Published author of the paper "A Real-Time Driver Drowsiness Detection and Heart Rate Monitoring System for Taxi Fleets" in Springer's Lecture Notes in Networks and Systems (LNNS) series.

2026 Institute of Computer Engineers of the Philippines Quiz Show Competition

- Regional Champion.

2025 Tamkang University Physics Summer Camp in Tamsui District, Taiwan

- Attended to daily lectures and laboratory sessions.

2025 Real-Time Eye-Closing Monitoring For Fatigue Detection Using Image Processing Technique

- Developed the entirety of the project as the final requirement for Digital Signal Processing.

2025 ICT Educational Workshop at T'boli Sbu Senior High School, South Cotabato

- Conducted an outreach digital literacy workshop on Microsoft Office and touch typing.

2024 Development of Automated Bell and Digital Clock System Using Arduino Microcontroller

- Created the circuitry of the display system as the final requirement for CPE Elective 1.

2024 Institute of Computer Engineers of the Philippines Logics and Breadboarding Competition

- Regional 2nd Runner-Up.

2023 AutoQuest Car Rental Website and Database Using SQL, Python, HTML, CSS, and JavaScript

- Develop the backend and frontend of the website as the final requirement for Software Design.

2022 Meditrack Healthcare Management System Application Using WPF and C#

- Created the entirety of the project as the final requirement for Object-Oriented Programming.

WORK EXPERIENCE

Texas Instruments, Inc.

Clark Freeport Zone, Philippines

Process Engineering Intern

- Worked on projects utilizing Excel Macro and VBA Programming, Spotfire, and PL/SQL Script.
- Attended daily semiconductor manufacturing processes, including machine operations and hands-on soldering of microchips and small SMDs to circuit boards under a microscope.
- Developed an automated system for the company's product information guidesheet in manufacturing, reducing the workload of engineers and improving time efficiency and workflow.

SKILLS & INTERESTS

Arduino, Printed Circuit Board Design, Raspberry Pi, Integrated Circuits, Soldering, Computer Hardware, Embedded Systems, C#, C++, CSS, JavaScript, Python, SQL, Verilog, HTML, VBA Programming, Bootstrap, Front-End, Back-End, GitHub, MATLAB, Autodesk EAGLE, Intel Quartus Prime, Database Design, IoT, OpenCV, Microsoft Office, People Management Skills, Communication Skills, Team Leadership, Problem Solving Skills, Project Planning
